## SIGN NOW TO HELP INCREASE SIXTH FORM FUNDING

Did you know that 6th Form Colleges are underfunded? You attend a College in outstanding financial health, but there are some colleges having to make cuts to services or who are unable to give students the services they need because of funding rates. We are supporting a national campaign calling for the Government to Raise the Rate. The graphic to the right shows how 6th form funding is much lower per student compared to other types of education providers. *It's really important the rate is raised - it's an investment in your future, and that of thousands of other students.*

We are asking you to have your say and support this campaign by signing the online petition. Once it reaches 100,000 signatures, it will be raised in Parliament. A few seconds of your time to have your voice heard could make a huge difference. Click here to sign: <https://petition.parliament.uk/petitions/230140>

*Please note to make it count, you will need to click the link that will be emailed to you after you have signed.*
