

WEEKLY NEWS BITES

FINDING YOUR FEET

We hope all students are enjoying a fantastic first week, and are settling in to College life. There are still lots of activities happening around College during the induction period. Look out for more details coming soon about our Enrichment programme!

Remember to check out the screens around College for details of events including the ENJOY sports taster today which takes place over the lunch period (Thursday 6th September). All students can also use our onsite Fitness Suite for FREE. Please note an induction will be required if you want to use this - these are taking place from next Monday lunchtime.

We recognise that starting College may feel like a big step, and some students may appreciate a little help and support. From Monday, our Student Welfare team will be extending the Finding Your Feet programme to include tea and chat sessions, and small group tours. The screens around College share more about events, or you can pop into Student Welfare or speak to your Progress Tutor for details.

IMPORTANT NOTICE: Please remember you must wear your membership badge at all times whilst on Campus

CAREERS

Don't forget our in-house Careers service is here to support you. Pop into Careers (at the back of the LRC) to find out more!

DRIVE TO COLLEGE?

From Monday we will be issuing cards which provide access through the barriers. Please visit the LRC for details.

IMPORTANT INFORMATION ABOUT BUSES

We are working closely with our bus companies to ensure services meet your needs. During the first few days we may need to make adjustments to services following the full enrolment of students. Please remember to listen to messages from your driver and check your College emails.

The NC1 service is experiencing disruptions due to water mains damage. We are working closely with our bus company who are responding to updates from Yorkshire Water. Currently services terminate at Mytholmroyd. If you catch this service, please ensure you check your emails, the screens and Twitter for updates.
